

## Supplies Guide

When **Cartridge low** appears, you may need to order a new toner cartridge. You may be able to print a limited number of pages when the message first appears, but it is best to have the new cartridge available when the current one runs out.

### Ordering an imaging unit

Extremely low print coverage for extended periods of time may cause imaging unit parts to fail prior to exhaustion of toner.

For more information on replacing the imaging unit, see the instruction sheet that came with the supply.

Part name	Lexmark Return Program	Regular
Imaging unit	520Z	520ZA

### Ordering a maintenance kit

To identify the supported fuser type, view the label on the fuser. Do either of the following:

- Remove the toner cartridge and imaging unit. The two-digit fuser type code (such as 00 or 01) can be seen on the front of the fuser.

**Warning—Potential Damage:** Do not expose the imaging unit to direct light for more than 10 minutes. Extended exposure to light may cause print quality problems.

- Pull down the printer rear door. The two-digit fuser type code (such as 00 or 01) can be seen on the rear of the fuser.

#### Notes:

- Using certain types of paper may require more frequent replacement of the maintenance kit.
- The separator roller, fuser, pick rollers, and transfer roller are all included in the maintenance kit and can be individually ordered and replaced if necessary.
- For more information on replacing the maintenance kit, see the instruction sheet that came with the supply.

#### Lexmark Return Program fuser maintenance kits and part numbers for MS810, MS811, and MS812

Fuser maintenance kit type	Part number
Type 00	40X8420
Type 01	40X8421
Type 02	40X8422
Type 03	40X8423
Type 04	40X8424

#### Lexmark regular fuser maintenance kits and part numbers for MS810, MS811, and MS812

Fuser maintenance kit type	Part number
Type 05	40X8425
Type 06	40X8426
Type 07	40X8427
Type 08	40X8428

Fuser maintenance kit type	Part number
Type 09	40X8429

## Ordering a roller kit

For more information on replacing the roller kit, see the instruction sheet that came with the part.

### Lexmark roller kit and part number

Type	Part number
Printer engine roller maintenance kit	40X7706

## Ordering toner cartridges

### Notes:

- Estimated cartridge yield is based on the ISO/IEC 19752 standard.
- Extremely low print coverage for extended periods of time may negatively affect actual yield.

Item	Return Program cartridge
<b>For the United States and Canada</b>	
Toner Cartridge	521
High Yield Toner Cartridge	521H
Extra High Yield Toner Cartridge	521X*
<b>For the European Union, European Economic Area , and Switzerland</b>
