

## X84-X85 Scan/Print/Copy

**1** Remove the card.

**2** Unlock the scanner.

**3** Do **not** connect the USB cable yet.

**4** Connect the power supply.

**5** Wait for text to appear on the display.

**Note:** If text does not appear, disconnect, and then reconnect the power supply.

**6** Raise the paper support and extend the paper exit tray.

**7** Load paper and adjust the paper guide.

**8** Open the cartridge door.

**9** Remove the tape.

**10** Insert the print cartridges, and then snap them into place.

**11** Close the cartridge door.

**12** Press ◀ or ▶ and then press **Select** to choose cartridge type, (old or new), and either Standard or High Yield.

**13** Wait for the alignment page to print. Press ◀ or ▶ and then press **Select** to enter alignment values.

**14** Insert CD 1.

**15** **Windows:** Click **Install Now**.

**Macintosh:** Connect the USB cable, and then click **Install and Agree**.

**16** **Windows users:** Click **Next, Next, Next**.

**17** **Windows users:** Wait until prompted by the CD software to connect the USB cable.

**Important:** If installation does not continue after connecting the USB cable, disconnect, and then reconnect both the USB cable and the power supply.
