

# You have just purchased the Copittrak Capable Lexmark Legal Partner Multifunction Printer (MFP)

**This device comes with a group of applications tailored specifically for law firms of all sizes.**

## **Scan to Court**

A scan solution that:

- Allows an administrator to set a maximum file size limit
- Allows a user to get immediate feedback if a document is too large (User may change scan parameters to reduce file size)
- Automatically breaks a scan job into multiple files that are below the maximum limit

## **Scan to Network**

Users can choose to scan directly to predefined shared folders or automatically go to an IT defined home directory.

## **Customizable Background & Screensaver**

Place your own custom wallpaper on the home screen and idle screen.

**Further information is available in the Configuration & User's Guide located on the CD included in the box.**

## **The Lexmark Legal Partner MFP is Copittrak Capable out of the box.**

This allows law firms to utilize all of the productivity-increasing features of this device without sacrificing revenue streams from tracked copies and scans.

- Track scans (e-mail & FTP), copies and faxes directly from the MFP touch screen
- No additional hardware is needed
- Track impressions quickly and efficiently by utilizing familiar Copittrak features such as Last Job Recall and Favorites.

**To purchase an activation key for your embedded Copittrak Cost Recovery application, contact:**
