TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and You must cause any modified files to carry prominent notices stating that You changed the files; and
You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.
5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work

(including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.
To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

novell_ldap_java (Novell Developer License Agreement)

Novell Developer License Agreement

1.PURPOSE. Novell makes available the Novell developer software and documentation (the "Software") under the terms of this Novell Developer License Agreement. If You do not agree to these terms, You may not access or use the Software.

2.DEFINITIONS. The following terms have the meanings assigned to the below:

"Derivative Software" means the Binary code Software and/or Binary code that results from your compilation of modified or unmodified source code Software. Derivative Software may not include Early Access Release Materials or Internal Tools.

"Developer Product" means Your own computer product that incorporates Derivative Software and does not substantially duplicate the capabilities or compete with the Derivative Software or the Software.

"Early Access Release Materials" means Software and/or Documentation Novell identifies as "beta", "pre-release," "futures," or as an "early access release."

"Internal Tools" means compatibility criteria, test suites, test tools, end user products, and other programs designed to aid in the development of, but not be incorporated in, Derivative Software Products.

3.LICENSES. Use of the Software and Documentation is subject to the restrictions contained in this Agreement. The Software contains various software programs with different license rights. Novell grants You the non-exclusive, non-transferable right to: a) internally use the Early Access Release Materials and Internal Tools in support of Your efforts to develop Derivative Software hereunder (but You may not include any portion of Early Access Release Materials or Internal Tools in Derivative Software); b) use, modify, and compile source code Software for the purpose of creating Developer Products, if the source code Software is identified as licensed for use in creating Developer Products; and, c) reproduce and distribute Derivative Software as part of a Developer Product.
Additional License Grants. Sample source code or other files that are made available as part of the Software may include a license grant that is broader then the license granted above in 3. If so, while Your use of such files is governed by the terms of this Novell Developer License Agreement, the license grants for such files are as described in the license language included with the files.

Open Source Software. Your license to use software that is provided subject to a separate open source license is described in and subject to the license agreement included with the software.

Third Party Products. As a service to You, certain third party software products may be made available to You from Novell. Your license to use such products is as described in and subject to the license agreement provided by the third party.

4.RESTRICTED SOFTWARE. Notwithstanding anything to the contrary in this Agreement, portions of the Software and/or Documentation may be subject to restrictions set forth in terms that accompany those portions. You agree to abide by such restrictions. If such restrictions are unacceptable to You, You may not use the Software.

5.RESERVATION OF RIGHTS. Novell reserves all rights not expressly granted to You. Without limiting the generality of the foregoing You: a) acknowledge that the source code of the binary code Software represents and embodies trade secrets of Novell or its licensors (except for source code made publicly available by the licensor); b) agree not to disassemble, decompile, or otherwise reverse engineer the binary code Software to discover the source code and/or trade secrets embodied in the source code; c) acknowledge that Novell has not authorized You to rent,

lease, and/or time share the Software; and, d) while certain test tools and test suites may be provided, YOU AGREE THAT ONLY NOVELL CAN ISSUE AND PUBLISH TEST BULLETINS OR AUTHORIZE USE OF THE "YES" OR OTHER NOVELL LOGOS.

6.EARLY ACCESS MATERIALS. Novell does not represent or warrant that it will make the Early Access Materials generally available to the public or that any target dates will be met. Novell may change or cancel its plans at any time. You acknowledge that any Early Access Release product is of pre-release quality, has not been fully tested, and may contain errors; You assume the entire risk arising out of the use of the Early Access Release Software and any information provided with the Early Access Release Software.

7.SUPPORT. Novell shall have no obligation to provide support to You or to users of Developer Product(s).

8.TERM AND TERMINATION. This License will become effective on the date you acquire the Software and will remain in force until terminated. You may terminate this License at any time by destroying the Documentation and the Software together with all copies and adaptations. This License shall also automatically terminate if you breach any of the terms or conditions. You agree to destroy the original and all adaptations or copies of the Software and Documentation, or to return them to Novell upon termination of this License. Your right to use any Early Access Release Software will terminate upon the earlier of (i) first commercial shipment by Novell of the Early Access Release product, (ii) other termination of this Agreement, or (iii) time-based or other disabling of the Early Access Release product. Upon termination of this Agreement, end users of the Developer Product may continue to use the Developer Product under the terms of their license from You. You will have the right to maintain one copy of each version of the source code Software and/or the Developer Product but only for the purpose and to the extent reasonably necessary for you to provide support and maintenance to end users.

9.AUDIT. Upon reasonable notice, Novell may at its own expense audit your site(s) to ensure compliance with this Agreement. Novell will notify you in writing of any deficiency in compliance and will provide a recommended plan for resolving outstanding issues. Your failure to cure such deficiencies within 30 days after receipt of the written notification will constitute a material breach and will be grounds for immediate termination of this Agreement.

10.DEVELOPER INDEMNIFICATION. You agree to indemnify, defend and hold Novell harmless from all damages, liabilities and expenses incurred by Novell as a result of any claim, or judgment against Novell by any third party arising out of, or connected in any manner with, distribution or use of software created by You through the use of Software licensed to You under this Agreement or arising out of breach of this Agreement. If Novell receives notice of such a claim, Novell will promptly notify You in writing and allow You sole control of the defense of any such claim or action and all negotiations for its settlement and compromise, provided You give adequate assurances that You will diligently pursue resolution of the claim.

11.TRANSFER. This Agreement may not be transferred or assigned without Novell's prior written approval.

12.GOVERNING LAW. Except as otherwise restricted by law, this License shall be governed by, and interpreted in accordance with, the laws of the State of Utah of the United States of America, without regard to Utah law governing conflicts of law. This Agreement shall be treated as though it were executed in Utah County, Utah. Any action relating to this License agreement shall be brought in a Utah court of competent jurisdiction.

13.ENTIRE AGREEMENT. This Agreement sets forth the entire understanding and License between you and Novell and may be amended only in a writing signed by both parties. No vendor, distributor, dealer, retailer, sales person or other person is authorized to modify this license or to make any warranty, representation or promise which is different than, or in addition to, the representations or promises of this license. This Agreement is not assignable by you in whole or in part without Novellâ€™s prior written approval.

14.SEVERABILITY / WAIVER. If a provision is invalid or unenforceable, the remaining provisions will remain in effect and the parties will amend the Agreement to reflect the original agreement to the maximum extent possible. No waiver of any contractual right will be effective unless in writing by an authorized representative of the waiving party. No waiver of a right arising from any breach or failure to perform will be deemed a waiver of any future right.

15.DISCLAIMER. EXCEPT AS OTHERWISE RESTRICTED BY LAW, THE SOFTWARE AND ANY ASSOCIATED SERVICES ARE PROVIDED "AS IS." NOVELL MAKES NO WARRANTY, REPRESENTATION OR PROMISE. NOVELL DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. NOVELL DOES NOT WARRANT THAT THE SOFTWARE WILL SATISFY YOUR REQUIREMENTS OR THAT THE SOFTWARE IS WITHOUT DEFECT OR ERROR OR THAT ITS OPERATION WILL BE UNINTERRUPTED. Some states do not allow some limitations on implied warranties, so the above limitations may not fully apply to you. This warranty gives you specific legal rights which vary from state to state.

16.LIMITATION OF LIABILITY. NEITHER NOVELL NOR ANY OF ITS LICENSORS, EMPLOYEES, OR AGENTS SHALL IN ANY CASE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOST PROFITS OR REVENUE, LOSS OF USE OF SOFTWARE, LOSS OF DATA, COSTS OF RE-CREATING LOST DATA, OR THE COST OF ANY SUBSTITUTE EQUIPMENT OR PROGRAM), INDIRECT OR PUNITIVE DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. EXCEPT AS OTHERWISE RESTRICTED BY LAW, NOVELL'S AGGREGATE LIABILITY ARISING FROM OR RELATING TO YOUR USE OF THE SOFTWARE OR ANY ASSOCIATED SERVICES IS LIMITED TO THE GREATER OF $100 OR THE TOTAL OF PAYMENTS MADE FOR SUCH SERVICES. Some states do not allow the complete exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not fully apply to you.

17.EXPORT. You may not export, re-export, or use the Software in violation of any applicable laws or regulations including, without limitation, U.S. export regulations or the laws of the country in which you reside. U.S. GOVERNMENT RESTRICTED RIGHTS. Use, duplication,

or disclosure by the United States Government is subject to restrictions as set forth in FAR s 52.227-14 (June 1987) Alternate III(g)(3) (June 1987), FAR s 52.227-19 (June 1987), or DFARS s 52.227-7013 (c)(1)(ii) (June 1988), as applicable. Contractor/Manufacturer is Novell, Inc., 1800 S. Novell Place, Provo, Utah 84606. OTHER. Those terms which by their nature extend beyond termination of this Agreement shall survive and remain in effect until all obligations are satisfied. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded.
