

Supplies guide

The following table lists the part numbers for ordering supply items.

Ordering toner cartridges

When **88.xx [color] cartridge low**, or **88.xx [color] cartridge nearly low** appears, order a new cartridge.

When **88.2x Replace [color] cartridge** appears, replace the specified cartridge.

Estimated cartridge yield is based on the ISO/IEC 19798 standard (with about 5% coverage per color). Extremely low print coverage (less than 1.25% for a color) for extended periods of time may negatively affect actual yield for that color and may cause cartridge parts to fail prior to exhaustion of toner.
