After you replace all the items in the maintenance kit, reset the maintenance page counter:

1 Make sure the printer is off.

2 Press and hold the **Select** and **Return** buttons while you turn the printer on.

3 Release the buttons when `Performing Self Test` appears on the display.

The printer performs its power-on sequence, and then Config Menu appears on the first line of the display.

4 Press **Menu** until you see Reset Maint Cnt, and then press **Select**.

5 Reset appears on the second line of the display. Press **Select**.

The maintenance counter is reset and `Resetting Maint Cnt Value` briefly appears.

6 Press **Menu** until you see Exit Config Menu, and then press **Select**.

`Activating Menu Changes` briefly appears, followed by `Performing Self Test`. The printer returns to the Ready state.
